DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-8, drawn to a protoporphyrinogen oxidase or a mutant peptide having protoporphyrinogen oxidase activity that is tolerant to a photobleaching herbicide.

Group II, claim(s) 9-26, drawn to a gene encoding a protoporphyrinogen oxidase or a mutant peptide having protoporphyrinogen oxidase activity that is tolerant to a photobleaching herbicide, a recombinant vector comprising said gene and a transformant produced by said vector.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Modified forms of the protoporphyrinogen oxidase enzyme that are tolerant to a photobleaching herbicide were known in the art at the time of Applicant's invention (see WO 97/32011, Volrath *et al*, abstract only). Thus, under PCT Rule 13.2 there is no special technical feature among the inventions nor a single inventive concept as required under PCT Rule 13.1.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David H. Kruse, Ph.D. whose telephone number is (703) 306-4539. The examiner can normally be reached on Monday to Friday from 8:00 a.m. to 4:30 p.m.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ms. Paula Hutzell can be reached at (703) 308-4310. The fax phone number for this Group is (703) 308-4242 or (703) 305-3014.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is (703) 308-1234.
